RE
VOLUTION

DEDICATION

We humbly dedicate this book to Sister Flora in celebration of her fiftieth anniversary in the service of Christ. This announcement will surprise no one. We all see Sister's years of work for us in the kitchen as an example of dedication that we could only imitate with great strength from God.

We can become disillusioned with so many people in today's world. We are grateful for the ideal of this strong, simple woman who accepted God's call many years ago, and renews her commitment daily with a new act of generous faith, a new act of love. Thank you, Sister.

NOTES OF A REVOLUTIONARY

Revolution in the seminary? How revolting! Not really. It seems to me that "revolution" embraces all that we mean by "the spirit of St. Mark's".

Curiously, "revolution" seems to denote two contradictory meanings. The first is "a dramatic overthrow of the existing order" such as the Industrial and American Revolutions. The second meaning is "the steady turning about a fixed point" such as the revolution of the earth around the sun. In reality, these meanings reinforce each other in one continuous act.

The Old Testament prophets called the Chosen People to turn their hearts away from idols to the true God (metanoia), and to follow Him all the rest of their days.

Christ brought another dramatic change, doing away with man's old role. His Easter (and ours) is the greatest revolution in the cosmic order.

The early Church pulled off the greatest revolution in man's history, rising from an underground movement of undesirables to become the dominant faith of the Western world. So you see, we have a long history of both dramatic change and steady turning.

St. Mark's itself has changed in its policies, activities, and spiritual life, as our six-year veterans can attest. Yet we are always turning about the priesthood of Christ.

Each of us is caught up in our own personal revolutions, some violent. The changing world, the changing Church, and the changes of growing up press in on us. All this upheaval takes a tremendous amount of energy, thought, and faith. It is so easy to become war-weary and give in to the temptation to "stop rocking the boat." But if history is

worth anything, it is to teach us that people and institutions which suppress change begin to die very quickly. We are called to be revolutionaries: changing, experimental, and open to new life. If we can turn Abbie Hoffman around, it's a sort of "revolution for the heaven of it." It's the spirit of St. Mark's.

This book is a record of the impressions made over this past year of turning. It is Our book. Nearly all the work involved was done by the high school students here at SMS. In fact, this year has been one of the finest responses from the high school this editor can recall. There are many mistakes, we know, but the Tribe is proud of it. The colors of the cover are the green of hope and the orange of early dawn.

This book is the fruit of a great amount of work, much of it late at night and on week-ends. I want to make a point of thanking the all-nighter crews, juniors and sophomores, who gave an enormous amount of effort, and Steve Pasto and John Mrofchak who were the backbone of our staff. Tim, Dave, and I, a sleepy trio turn over the editorship to capable hands.

The green of hope and the orange of early dawn, with these sentiments the Tribe presents to the students of SMS: Revolution - - the 1971 Yearbook.

This yearbook is brought to you by:

THE TRIBE!

Enshrined upon this page and elsewhere throughout this book are those whose work made the 1971 Yearbook possible. Many are pictured here; some are not. Many survived; some have been lost in combat. But all have dedicated their lives nobly to the honor and glory of Saint Mark's Seminary.

Mentally, I checked out of here weeks ago. I just turned off. I am looking at it as a past event. (I have even packed my suitcase, said some goodbyes without labeling them, and gone out of my way to let some persons know I was not reacting against them, but rather against ideological "positions")

Yet I am still here, and will be for a time.

At the outset of this year, I assumed everybody cared about it with a kind of terrible intensity. So I suppose I could not support my own, isolated hurt when I discovered how wrong I was.

The point of being here has snapped loose from its tight coil and, dizzily, one looks in vain for the original vision of it which was -- yes -- a momentarily shared experience. Individual interests overtook group conviction before I was aware this was happening.

Too, a set of group cliques has shattered all pretensions about shared openness. Even sensitivity awareness of one another -- my God, was that only an illusion too? -- has given way to coldly functional mechanics.

I fantasize that it is all a past event. It is not. It is happening.

**This is the time of the season for loving
 We have all strived for our ultimate goal and have succeeded
 And this means that we have conquered our foe and won
 We have fought and were the best, for they could not be defeated.**

**This is the time of the season for loving
 We have worked long, hard hours and what is our reward?
 Our reward is knowing that we have done all well and have not quit
 We have succeeded to reach for the impossible and learned the meaning of life .**

**This is the time of the season for loving
 The others have lost for they could not endure
 But we know the difference between them and us
 The difference is we do not know the meaning of the word to retreat
 from the battle of life, instead we stand and fight.**

**This is the time of the season for loving
 Yes, this is the time for loving
 To love all men regardless of color or religion or creed
 If we fail in this we have run from the face of battle
 And have become like the others who could not endure**

Don Laskowski

I'm leaving. I sit in my room tonight and say it, but it's hard to believe six years have gone by. Nostalgic memories, tinged with pride, flash through my mind like old movies. We seven veterans vividly remember the "Great Dorm Wars" fought in the days when 36 of the 54 Freshmen lived in what are now the high school T.V. and pool rooms. We hated set-up and rising at 5.50. We sang compline, raided the apple orchard and the refectory, slept through the Adventures of Mister Wolfram, and almost beat the Sophomores on flag day. We waged war with syringes, shaving cream (I had to borrow some), towels, and dart guns. We crucified Donn Patton in the showers years before Superstar was dreamed of.

As Juniors and Seniors, we enthusiastically jumped into sports, forensics, the Markian, the Model U.N., and other activities. We relished Fr. Dollinger's "Sap is Rising" tirades, Fr. Hagerty's risqué religion classes, Fr. Allison's pitiless Latin classes, and Bishop Whealon's private Latin Masses on the third floor. With college came more responsibilities, new friends, teachers, and many more both happy and sad memories.

St. Mark's has been fertile ground for the seed of my vocation. The faculty are competent gardeners, the life-style is rich soil, and God provided the friends and blessings of rain and sunshine. The spirit here has always lifted me out of the doldrums and carried me over the rough spots.

I have changed in six years. I've grown up. Sacred things and holy men lost their childlike wonder and glow only to take on a deeper mystery. As G. K. Chesterton once said, "After seeing something for the hundredth time, you're in danger of seeing it for the first time." I have put away the things of a child and set out to be a man.

St. Mark's itself has changed to keep up with the changing world of the priest. Sometimes we become confused. The old gusto slogans "All right!" and "Be there!" become a shaky "I suppose" or a bitter "You zero." But S.M.S. has always had the faith and found the strength to produce the men that the troubled times need. As long as we have a concerned, dedicated faculty and responsive, prayerful students, we need not fear the troubled times ahead.

Like many before me, I am leaving. I thank all of you for your priceless help and for enriching my life these past years.

**With all the powers of your body concentrated in
the hand on the tiller,
All the powers of your mind concentrated on the
goal beyond the horizon,
You laugh as the salt spray catches your face in the
second of rest
Before a new wave--
Sharing the happy freedom of the moment with those
who share your responsibility.
So--in the self-forgetfulness of concentrated atten-
tion--the door opens for you into a pure living
intimacy,
A shared, timeless happiness,
Conveyed by a smile,
A wave of the hand,
Thanks to those who have taught me this.
Thanks to the days which have taught me this.**

SPORTS '71

The St. Mark's Seminary interscholastic teams are nicknamed "Lions." The school colors are red and white. The high school athletic program includes intramural football, cross-country, varsity & J. V. basketball, wrestling, track and tennis.

The previous statement could be taken from the yearly catalog published by the school. However, that statement fails to show that the real power behind the uniforms comes from the student body.

Although many people have tried to explain the success or failure of fine sports teams, often one important aspect is left out-- mental attitude. How often people talk about "psyching" themselves up for an important game! This is the work of each and every member of the school.

Even though school "spirit" doesn't turn a losing season into an undefeated one, there's not much doubt that with a bit of enthusiasm, a victory can emerge from a crucial situation. The undefinable "spirit" has always played a keystone role in the successes of the Lion's teams. Pride in a team must be evident or the team will definitely feel the uselessness of its cause.

Players, coaches, teamwork,-- all ingredients. The catalyst--a strong cheer, a pep rally, a full turnout for a basketball game. Even in a sport such as tennis, without a doubt one of the duller to watch, the effect of 30 or 40 guys standing along the fence to the courts is immeasurable. School involvement is half the winning score.

And so, gang, let's hear it for phantom spirit. Despite the poor records of the teams at St. Mark's, may the players always know that win, lose, or draw the students will back their teams.

Joe Martone

I F

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;

If you can wait and not be tired by waiting,
Or, being lied about, don't deal in lies,
Or being hated, don't give way to hating,
And yet don't look too good, nor talk too wise;

If you can dream---and not make dreams your master;
If you can think---and not make thoughts your aim;
If you can meet with triumph and disaster,
And treat those two imposters just the same;

If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for you,
Or watch the things you gave your life to broken,
And stoop to build them up with worn out tools;

If you can fill the unforgiving minute
With sixty seconds' worth of distance run---
Yours is the Earth and everything that's in it,
And---which is more---you'll be a man, my son!

There are many different types of spirit we here at St. Mark's experience. Many of these types of experience everyone witnesses but here at St. Mark's we are always seeing and seeking a different and expanding type of spirit.

Whether it
be in
basketball....

Wrestling....

Striving for and
the proving of the
needed team effort....

Perhaps the real uniqueness in the spirit of St. Mark's comes alive off of the ball field and into the everyday life of us all. Although sports may be the most talked about activity it is the farthest from the unexhausting and constant spirit of "the men of St. Mark's" and a days experience with us would provide many examples of....

The spirit of
working for
others....

Communicating
with
your friends

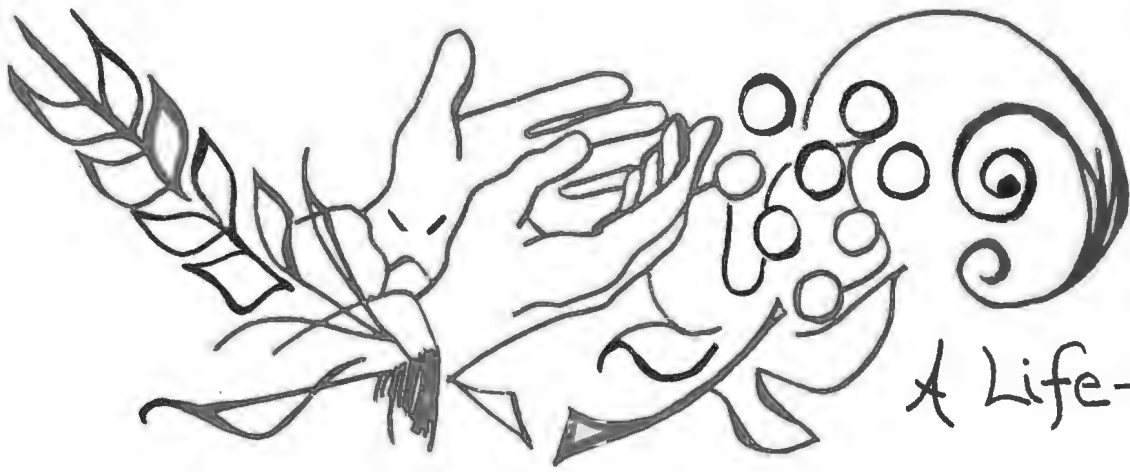

or big competition....

or even
possibly just
working together....

and
playing together....

It is the time of turning
Turning out and turning in
And turning into
The love that we have found.

We have turned
All too separately
Each on his own axis
Content to ache alone
For this we are sorry.

And when we touch, we invade.
To cut-down, hurt, dominate
To fold, spindle, mutilate
(The war is never far)
For this, we are sorry.

We have wrapped ourselves too long
In winter, an old gray coat
The earth itself will not revolve unless
We shout YES! to spring
Lord have mercy.

A Yellow Rolls-Royce.

All waits, ready
For the magical mystery

TIME TO TURN OUR EARS :

Listen to the thunder

And to the muffled
footsteps of those

... who have gone before.

Listen to the hearts
That beat around us

The voice of the Lord
Came unto me
In many tongues simultaneously.

and ahead of us.

... and inside us.

SO GET IT ALL TOGETHER AND

"Whooo stole my track shoes?"

SPREAD THE GOOD WORD!

"Voila, baby!"

Spread it amid the
Councils of the mighty .

"Well gross me out!"

"Well space me out!"

And to the mighty unfortunate.

Beam it out
To the whole whirling world.

BUT KEEP IN TOUCH

TIME TO TURN TO THE FATHER

Having decided to switch to the Diocese of Erie from the S.V.D. order, Gannon College is the next step for Steve, from Erie. Steve enjoyed his work as the High School Master of Ceremonies this past year and appearing as Caesar and Old Man Nelson in the Senior Class Play. A sunny future is hoped for Steve along with many successes.

Carl P. Brown

This man from Basking Ridge, N.J., seems to have traveled throughout the eastern coast this past year representing St. Mark's. Carl also performed as Tyurin and Sweeney in the Senior Class Play. Dr. Drane of the High-Q fame, found him a truly interesting person. Villanova, with hopes of law and music, figures greatly in Carl's future.

Joseph A. Cherry

Joe has influenced the Senior Class in many different ways. Working at a pizza shop on weekends, playing the organ, and an overall interest in the lives of the students, has taken much of the time of this Senior from DuBois, Pa. Taking on the character of the young boy, Joe, as well as the old Senka, he contributed to the Senior Class Play. Continuing on at St. Mark's, Joe will be attending Gannon College next fall.

Bill "71"

This Senior, coming from East Liverpool, Ohio, has shown well his abilities in the academic field as well as in sports. He has always helped with anything put up to him especially in handling the details of the stage in the Senior Class Play. Furthering his education for the priesthood, Bill will study for the Youngstown Diocese.

Peter Wm. Gray

Peter, through his extensive musical and speaking ability has ventured far during his years at St. Mark's. You could always find Peter painting or making decorations for anyone who called upon him and also practicing as the drunkard and Gopchic in the Senior Class Play. Our president of the Student Council (1970-71), from Erie, plans to attend Gannon College through St. Mark's

**NOT TO
BE
SERVED**

**FOR HE
CAME
TO SERVE**

**r'oolish forgotten old rose.
Alone she sits, hour by hour
Petals faded, wishes doomed.
Her eyes recall the visage
Of her bud's that one time bloomed.**

**The once great tree,
Its limbs lay cold and broken,
Flesh ripped through by disease,
Its sap too runs more slowly
For the mind is not at ease.**

Behold the wild lily,
Innocence shining from petals of white,
Untamed and running so free,
But the meadow is dark with confusion
And it turns its leaves toward me.

The vine is still growing .
Young, sturdy, and strong,
If warmed by the sun's rays from above,
Its blossoms of the Fathers
Will bear the fruits of his love.

Troubled young seeds,
Anxiously facing a bed of clay.
Frustrated, hurt, angry, afraid,
For there seems no good earth
Where trembling roots may be laid.

Thank You

from Harborcreek School for Boys

But you, you are the sun!
The rain, the cooling breeze,
The blue sky, the stars so bright,
The warm earth beneath the feet,
The sheltering glow of a fire at night.

**You alone have the gift
To make a sad flower sing!
To make a tall tree stand,
To shine the light of friendship,
To hold the earth in your hand!
Some days will be dark,
Some weeds will creep in,
Some petals will wilt,
But even in discouragement
The sun must be felt.
So bury not the light of faith,
Let your cave-drops fall!
Let all self-centered ideals go,
For as one son to another,
It is only together we grow.**

"No St. Peter is not the Third Person of the Blessed Trinity!"

"Of course Christ was Irish!"

"I don't know about you two, but I think he's cute."

I expect to pass through this world but once.
Any good therefore that I can do, or any
kindness that I can show to any fellow creatures
let me do it now. Let me not defer or neglect it,
for I shall not pass this way again.

The moment one of people
took one of the truths to himself,
called it his truth
and tried to live his life by it,
he became a grotesque
and the truth he embraced became a falsehood,

This above all: to thine own self be true,
And it must follow, as the night the day,
Thou canst not then be false to any man.

I don't know who -- or what -- put the question. I don't know when it was put. I don't even remember answering. But at some moment I did answer YES to Someone -- or Something -- and from that hour I was certain that existence is meaningful and that, therefore, my life in self-surrender, had a goal.

**So stick to the fight when you're hardest hit-
It's when things seem worst that you mustn't quit.
Rest if you must -- but never quit.**

Farewell to you and the youth I have spent
with you
It was but yesterday we met in a dream.
You have sung to me in my aloneness,
And I of your longings have built a tower
in the sky.
But now our sleep has fled and our dream
is over, and it is no longer dawn.
The moontide is upon us and our half waking
has turned to fuller day, and we must part.
If in the twilight of memory we should meet
And if our hands should meet in another dream
we shall build another tower in the sky.

Steve Kohler

Dennis Kovach

So many worlds,
So much to do,
So little done,
Such things to be.

Nor you, ye proud, impute to these the fault
If memory o'er their tomb no trophies raise
Where through the long-drawn aisle, and vault,
The pealing anthem swells the note of praise.

Bob Lee

Dennis Mattivi

While you have the light

That you may become sons of light.

Jerry Pashke

When I was small I had a dream.
Not a dream like most American children
of becoming President, but one of
ruling the world- the stars- the UNIVERSE!
Absolute power makes the ruler as well as
the ruler must make absolute power a reality.
The question is-- Can one believe in Jesus Chris
and yet fulfill a dream.?

Jeff White

One sweet dream
Pack up the bags and get in the limosine
Soon we'll be away from here.
Step on the gas
and wipe the tear away
One sweet dream
Came true... today.

IN THE END

In the end, who will win
the flowers or the rain?
In the end, will you know where you've been?
Pick up the story again.

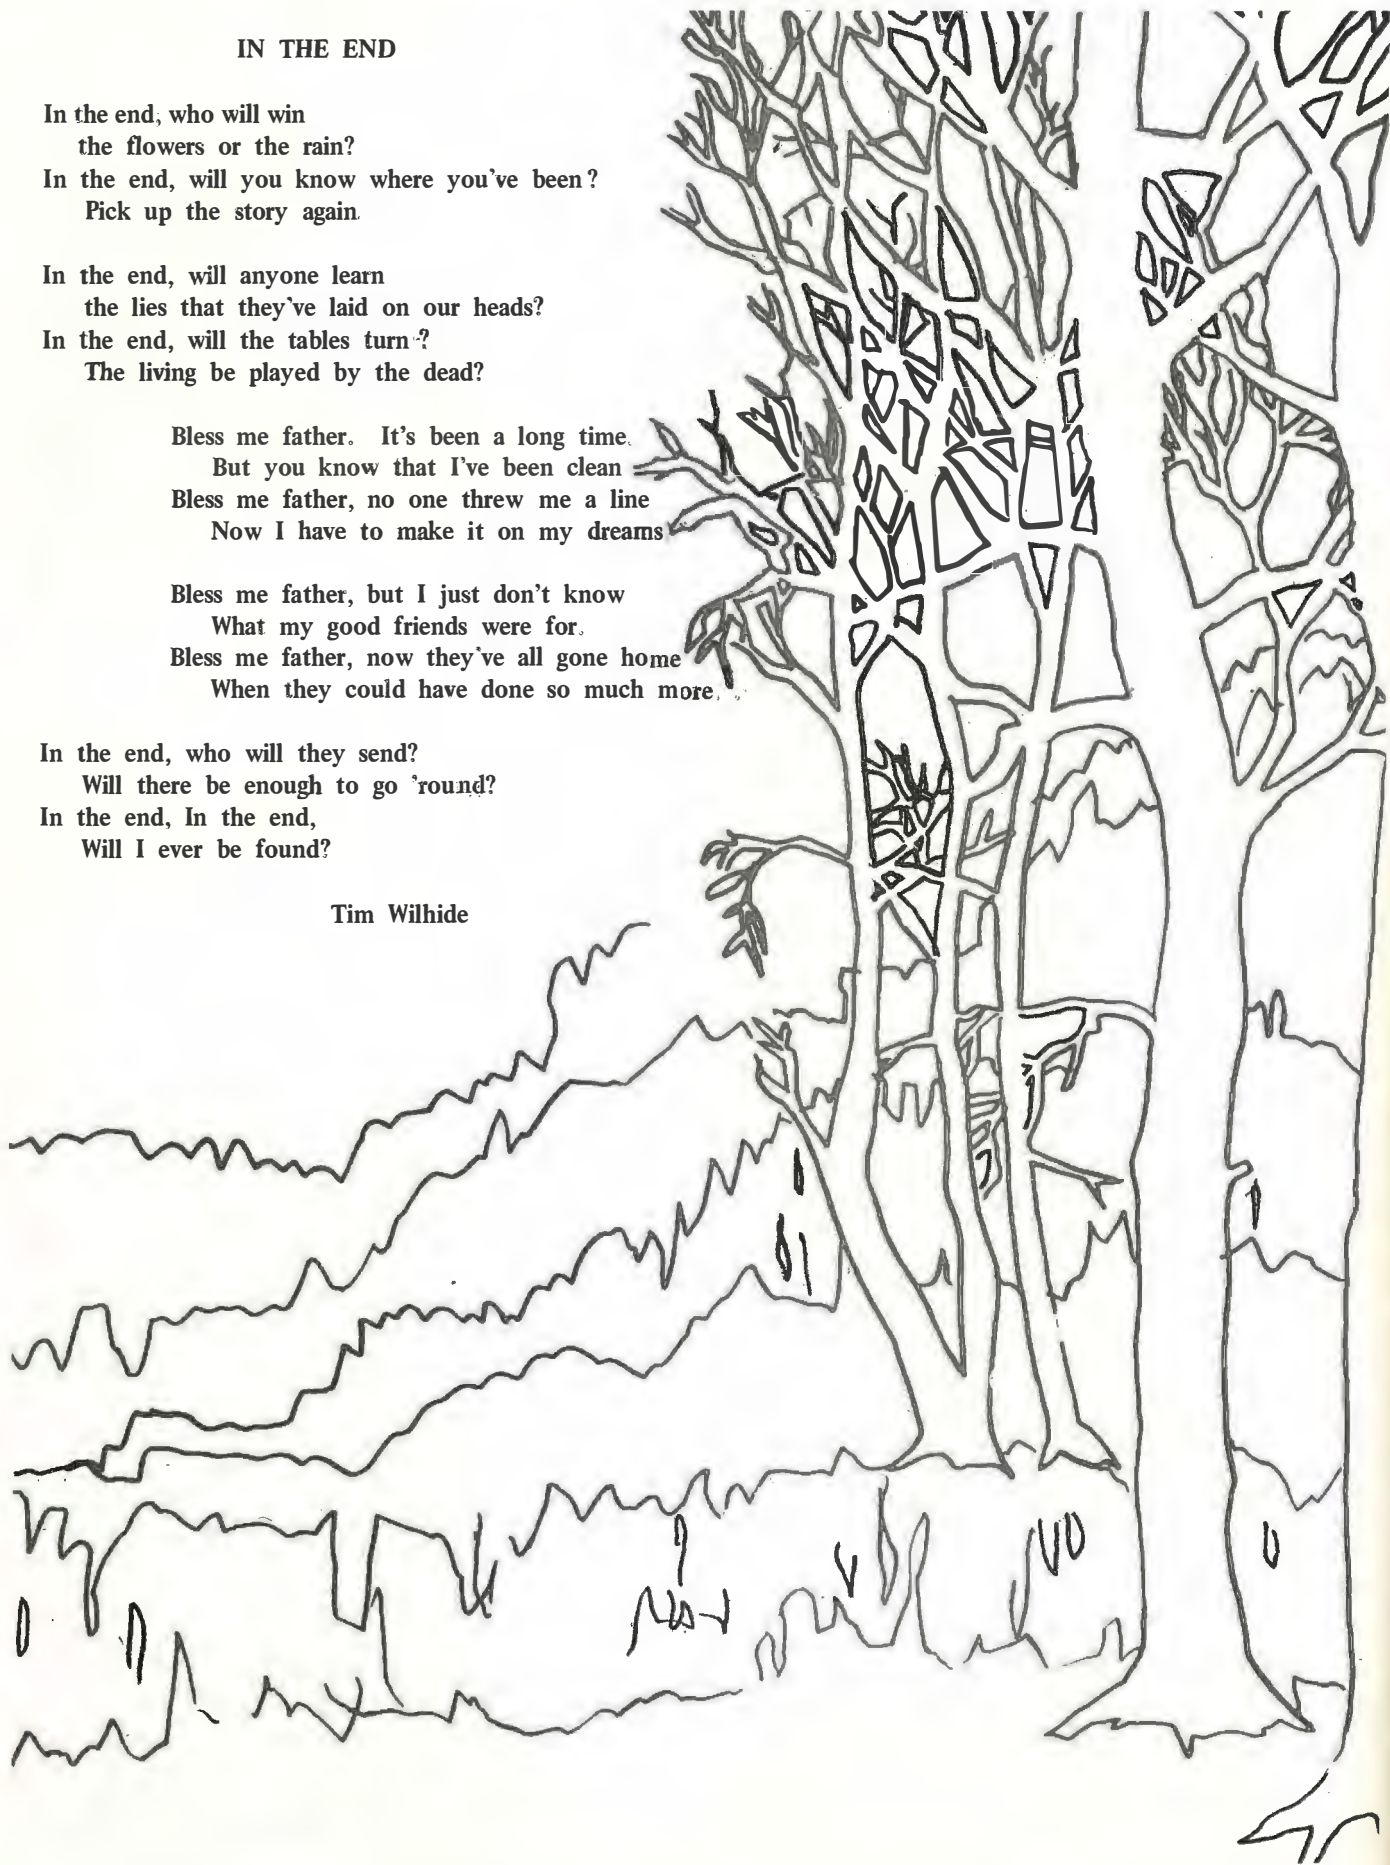

In the end, will anyone learn
the lies that they've laid on our heads?
In the end, will the tables turn-?
The living be played by the dead?

Bless me father. It's been a long time.
But you know that I've been clean
Bless me father, no one threw me a line
Now I have to make it on my dreams

Bless me father, but I just don't know
What my good friends were for.
Bless me father, now they've all gone home
When they could have done so much more.

In the end, who will they send?
Will there be enough to go 'round?
In the end, In the end,
Will I ever be found?

Extracurricular activities are an important part of the lifeblood at St. Mark's. Involvement in an activity gives a person a sense of accomplishment because he is contributing instead of just taking. Those who been involved in activities can proudly look at their accomplishments. Those who have not participated should decide now to take part in at least one activity.

HIGH-Q TEAM

CHESS CLUB

THE CLASS OF '71 TRIES TO FORGET

August 28, 1967 finds thirty-four Frosh invading the hallowed halls of St. Mark's. What freshman could forget his first class at St. Mark's? Who could forget Jerry Dunn, the hockey star, as he valiantly battled to convince Frank Smith that $x + x = 2x$ not x^2 ? Father Hagerly bravely carried on the tradition of having his classes learn the Prayer of St. Francis. Much to the dismay of Sister Ramona, Dan Zeitler finished the entire first quarter without a mistake on his paper. Continuing along the rocky path of an educational day, the Freshmen decide that Father Snyder's Civics class is a great place to catch up on their Algebra homework, and Joe Bossart decides to put a tax on nails sold in Erie County to build a bridge in Glenwood Hills. An imposing sight in the library was Sister Regina Ann who threatened each and every Frosh with a double D.R. Mike 'Nookie' Federici picks up the first Freshman D.R. and is promptly called upon in Father Dollinger's Litany following fifth period. After a well-prepared, highly nutritionally lunch, the Freshmen, just thinking about the forthcoming supper, found it terribly difficult to concentrate on Lingua Latina with Father Snyder. However, Father decided the best way to arouse the class to the joys of the ancient Roman tongue was through the use of aesthetically beautiful sentences: *Lady Mathilda sat on a disconsolate rattlesnake*. or yet again: *Tirring Timothy thrilled tactly as she cooed softly and stabbed herself with an icicle*. The faculty saved the best for last in the Freshman daily schedule as the class learned valuable insights into the scientific world and other diverse fields of knowledge as elucidated by Mr. Woffram. The conclusion of every school day found the Freshmen in the gym with Mr. Dunn and the Sophomores for Calisthenics, known by the affectionate diminutive, Cal, held at 2:50 P.M. John Haydt decides that it is bio-medically impossible for his body to execute a jumping jack. Monsignor Fitzgerald thought it by no means a proposal that the maintenance staff bear the brunt of several well-planned and well-performed witticisms. At the end of the first scholastic quarter, Dan Zeitler won the blazer. The Frosh are enthused and relieved at the arrival of the Communion Breakfast and the first vacation. Jerry Welsh defiantly proclaims that Joey Jet reads coloring books. He is promptly rewarded for his insubordination with six weeks on set-up. Father Snyder developed one of his pet phrases: in a jubilant voice, issuing from his throat, comes, "Smith!" Christmas vacation came and went. Semester tests, with several Freshmen getting up in the middle of the night to study for exams, in most appropriate places. The first semester ends with a few days off, but Larry Christie thanks Monsignor Fitzgerald has been stingy with them so he takes one of his own. Spring arrives, and a young man's heart turns to . . . first? Tennis and Track begin and John Haydt cannot decide which to participate in, so he ends up a track manager. The first Summer Vacation arrives, and twenty-eight Freshmen return to their homes in spite of the sincere efforts of the kitchen crew.

The Class of '71 returns to SMS with twenty members. The class welcomes the addition of Bill Stec, who gets stuck with Jocko as a roommate. The class found that Monsignor Fitzgerald was ousted to a Meadville parish by Father Hagerly, who quickly assumed the Rectorial duties. Father Salvatore Luzzi replaced Father Dollinger, who, it seems, had become disenchanted with the Seminary system. The class was violently awakened by the geometry teacher, concerning whom Frank Smith made this scathing remark, "It's a lday!" However, Mrs. Simmons soon quelled all doubts about her efficacy in the field of Math, for a semester, at least, near the end of which he so eloquently stated, "I know nothing. . ." Due to lack of interscholastic football, Hag football begins at St. Mark's. John Haydt leads his team to the championship, *quam ob rem, ergo*, he dubs himself STAR. The Franco-Prussian War was renewed at SMSHS with Wolfgang Hundertermark and Johann De Christofere leading the German forces against the Supreme French commanders of Pierre Gray and Thomas Prez. With the lessened enrollment at St. Mark's, the Sophomores were graced with the privilege of two to a room. Taking advantage of the extra space, Paul Kovac planted a bumper crop of winter wheat under his bed. Bill Gebauer is bless with the presence of John Haydt as his roommate. The second semester finds something missing, i.e., a teacher; however, Mister G. Bosner saves the day by assuming the responsibilities. He developed a strange idiosyncrasy of calling everyone Frank, but after a few weeks, the class convinced him of his error by addressing him as Mrs. Simmons. Ted 'Ace' Lockwood, following the fashion trends of the country, got his head shaved. In the third quarter, Joe Marton won the scholastic sweater. Frank Smith won the tennis round-robin and became the second player in the illustrious history of SMS tennis to win a varsity letter as sophomore. Peter Gray, having left Drama in which he had previously proved himself superior, went to Washington, D.C. Despite knocking down several hurdles in the process, Carl Brown set a new school record for high hurdles in a match in which he didn't even place! Joe Cherry began a new tradition at St. Mark's, which Fr. Luzzi has annually carried on: a spaghetti dinner; however, Joe's was less successful since he charged no fee.

for admission to his bedroom-dining room. Oh, well, another vacation arrives, another year gone.

Hello, S.V.D.'s! Hi, Day-hops! The expanded Class of '71 now number 25. Another change in faculty found Father Sylvester Jaworski teaching Junior Eunglish with Jerome Showstack teaching vocabulary. The science of chemisty was thrilled to have Father Leo Dusheck explain it so thoroughly to half of the Junior class. The S.V.D. half of the class began their experience at St. Mark's with Mister Wolfram teaching them biology. What a way to start!!! Twice a week, the Juniors battled Mrs. Laird, especially Paul Kovac with his vehement and desperate cries of "Hey, lady!". What Frank Smith said is best not mentioned here. Steve Borocz set the class record by typing forty words per minute after two weeks. The Juniors take up snuff-chewing only to have it promptly banned from the school. During the Junior year, the Class of '71 set the record for SC representatives. Among those serving in this capacity were Peter Gray, Dan O'Conner, Bob Ryan, and Frank Smith; as V.P. were Bill Becker and Leo Chinelly. Collegian Bob Maxham began his Appreciation for Classical Music course and formed the Polyphonic Choir. Steve Borocz, as conductor, waved his arms frantically as if trying to signal an on-coming train. Bill Gebauer also tasted the better things in life as the trumpeteer. In mid-November, Jim Novak finally said something in Religion class--- Father Luzzi promptly fainted. The initial wrestling season began at SMS and the team was blessed with the emergence of Rich Landers as a first-class grappler. Along with students and faculty that transferred from Girard came one barber. Although performing as mild-mannered Joe De Gruchy during classes, night transformed him into the Mad Butcher of the Basement. Jim Dougherty led the Grape Boycott at SMS by destroying fifteen cartons of California table grapes. Kevy McCarthy threatened his roommates with angel-hair but regualr treatment with Head and Shoulders averts another possible crisis, thanks to Yankee know-how. Father Muroski berates Stan Mroczkowski one day at Mass for failing to kneel; the response?? "Father, I have arthritis." Carl Brown goes to District and State Bands; Peter also assists at District and State choruses. Our Illustrious speaker, Peter, also traveled to Miami for the NCFL National Finals in the category of Oral Interpretation. On Moe-Up Day, the Class of '71 received the following appointments----- Steve Anderson--Master of Ceremonies; Pat Wenrick--Sacristan; Leo Chinelly--Refectory Prefect; Steve Borocz--Markian Editor; Joe Cherry--Head Infirmarian; Bill Gebauer, Carl Brown, Wayne Hundertmark and Stan Mroczkowski--High School Prefects. The SC officers elected that year were Leo Chinelly as Treasurer and Peter Gray as President.

Eighteen Seniors return, sullen-faced and stoic. Bill Gebauer was elected to the SC representative position. The Class of '71 falls heir to the football captainships; after a long, arduous season, Wayne's team squeaked to the championship, having been defeated by once by Steve O'Brien's team. There was again an addition to the Seminary faculty: Mistrs Huefner and Roehrl. Herr Roehrl, a wizard of the Teutonic tongue breaks faculty tradition by being a popular personage, along with Mister Wolfram. The French three-ring circus, comprised of Effervescent Etienne, Gallant Girard, and Pompous Pierre, waged a continual battle against the indomitable evil of Little Italy's underground group, known as S.A.L. The Seniors were introduced to Father Allison's Latin Seminars, and, following tradition, screw them up. A new record was inked on the annals of Latin history by Peter, who racked up twelve boring weeks of not being called upon to translate; however, Carl Brown and Kevin McCarthy took up the slack by being charred for forty-two solid minutes of pure Tartarus. Shather Fea presented the Seniors with an economics text that doubled as a literary classic. It seemed that the author tried to become the English equivalent of Cicero. But then, "Who made the salad? . . ." The St. Mark's High-Q Team, led by Captain Steve Borocz, Joe Martone, and Carl Brown, reached the quarter finals of the TV quiz show. \$125 having been won, the team decided that it would be best to relieve mankind of the torture of Carl's singing. Bill Gebauer and Wayne Hundertmark were elected co-captains of the varsity basket-ball team, and, along with Bernie Slomski, were voted to the Western Division of the All-Star Team. Due to the illness of Sister Ramona, Madame Sylvester came to the rescue to save the French class from cultural, as well as political and academic, atrophy. The French students thereby held a celebration at lunch in honor of the occassion. Tom Prez, that magnificent mind, had his puppet puke crackers on the table. Even Madame thought it to be funny. Steve Anderson used his Gargantuan German vocabulary to the vast amusement of the Gaulists. Room 233's small inhabitant, Leo Chinelly, also known by numerous other appellations, continues to plague both the faculty and the student body with his criticisms and caustic comments. Pat Wenrick roomed with Joe Martone, the resident cynic, who increases Pat's familiarity with vulgar dissertations. Following his performances of previous years, Peter Gray goes to District and State Choruses. It is rumored that Peter is trying to flunk his Senior year so that he might gain the record for attendance at these Choral fests.

Mister Wolfram: "Pete, draw roses." And he did. Carl Brown, besides going to District State and All - Eastern Bands, broke his tooth one day during gym class and limped off the basketball court. Tram - polinescome to SMS under the direction of Mr. Huefner, better known to some as Kathy's husband. It was soon after the arrival of the trampolines that Steve O'Brien became one of the star students of the Trampoline Cult. Paul Kovac, known for his pool (PUULL) ability, sank five balls including the 8-ball on the break. Happy now, Paul??? The British Parapsychological Society made overtures toward the Senior class; however, due to lack of personel to operate the switchboard and of substantial evidence, the entire matter just faded away. Rich Landers just takes up spade and expounds to the senior class his insurmountable knowledge of booster stages, rendez-vous, and astronomical science. After pre- scribing medication for Madame Sylvester, and after nursing his canary, who resembles Joe greatly in his brachial apphendages, Joe continues to fascinate the school with the merry melodies and, having been lost in the Vienna Woods for twenty minutes, he finally saw the light when his roommate lighted his first candy cigarette for him. "This is Buzz Burton Bernie Slomski inviting you to more up to Dutch Masters." Besides rescuing the Senior class from the ravages of famine, Bernie indoctrinates eache member of the class following the Pirate game. Stock Broker Bill Stec. found time out from his duties as "Electric scribe" to work as Sister Verena's faithful aid in the library. The Senior Class plays, *Hope is a thing with Feathers* and *One Day in the Life of Ivan Denisovich*, produced by Space, Incorporated, came off iwthout a hitch and the class celebrated with a ten-minute sleep-in the next morning. Kevey McCarthy, the target of many an insiduous remark, had his new wire rims assaulted by Father Luzzi, who merely retorted with that cry of joy: GZZZZZZZZZZH!!!!!! Jim Novak faithfully delivers the paper each day, thus receiving the title: THE MAN WITH THE MESSAGE!

IN CONCLUSION:

The Class of 1971 would like to offer the following food for thought for all aspirants of the immortal sheepskin:

EAT YOUR HEART OUT!
